**One Week Short Term Training
Programme (STTP)**

**on
“Sequential Design Decisions and
Methods of Exploring Design
Options”**

15th-19th July 2019

Organized by

Department of Architecture

**National Institute of Technology
Raipur-492 010 (Chhattisgarh)**

About the Institute:

National Institute of Technology, Raipur situated in the capital of Chhattisgarh, has proven to be 'avant-grade' in the field of science and technology over past few decades in this region. With memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September, 1956, the institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has gained its status as National Institute of Technology. Raipur.

About Department:

The Department of Architecture was inceptioned in the year 1984 as a part of the then Government Engineering College Raipur. The Department of Architecture is one of the creative Departments of this Institute that aims at educating the coming generations of the art and science of making buildings. The endeavor of this department is to produce architects who would be able to consciously design spaces and built forms that would not only solve the problems of built environments today but also would shape it for the future generations. With growing industrialization and increasing demand for professionals in the field of architecture, the department has been successfully delivering the need for those professionals.

Venue: Auditorium, Department of Architecture, NIT Raipur, Raipur-492010, C.G.

Objectives of the Course

Design, being the major component of architectural practice, needs a lot of decision making on its onset, resultant to which is the final structure/component and its response to climate and living form. The aim of this STTP is to provide up-gradation of knowledge and skill sets for students, research scholars, academicians in developing their architectural designing and decision making skills. The training program will be conducted and delivered by distinguished experts in the field of architectural practices. This one week short term course will include lectures, presentation on special case studies, etc. for the application of sequential design decision making and hands-on exercises on various methods for exploring design options.

Speakers: Key expert lectures will be delivered by Ar. Hemant Wala and Ar. Mittal Patel along with various other distinguished experts in the field of architectural practices.

Topics to be covered:

- Introduction of Design Problem and Brief Discussion on 'Sequential Design Process'
- Understanding of types of Decisions and Developing its Sequence.
- Discussion on Objectives and Concepts related to Design Exploration.
- Understanding Basic Determinants of Design that Influences Design Decisions.
- Methods of Exploring Design Options and Introduction to related Design Problem.
- Evaluation of Design as a Product of Various Methods of Exploring Design Options.

Targeted Participants:

- U.G./ P.G. /Ph.D. students
- Faculty members

Selection:

Since the number of seats is limited to 40, the selection will be made on **first cum first served basis**. Intimation regarding selection will be sent to the candidates by e-mail as per the schedule. Certificates will be issued to the participants only after attending the complete course. **No TA/DA will be paid to the participants.**

Registration Fee Details:

Participants	Amount (in Rs)
Students	200/-
Others	500/-

Applications in prescribed format along with proof of registration fee payment must reach to the coordinator on or before **12th July, 2019**. Full attendance is mandatory & Certificates will be issued to the participants only after attending the complete course.
