Two-Day National Conference
On
“URBAN INTERVENTIONS:
ENVIRONMENTAL, SOCIAL and
ECONOMIC”
2nd-3rd Aug 2022

Organized by
Department of Architecture

**National Institute of Technology
Raipur-492 010 (Chhattisgarh)**

About the Institute:

National Institute of Technology, Raipur situated in the capital of Chhattisgarh, has proven to be "avant-grade" in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September, 1956. The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is on the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from airport on NH-6, the Great Eastern Road.

About Department:

The Department stands as a centre of creativity within the campus of NIT Raipur. It is determined to give its best to the society, in the form of architects, who would be able to carve out spaces to create build forms as per the need and requirement of the Society.

The demand of professional Architects is increasing progressively in the society. The endeavour of the Department is to deliver these professionals for benefit of mankind that would not only solve the problems of built environments today but also would shape it for the future generations. This is proven true by the 800 plus alumni who are working across the globe for last 37 years.

Speakers: Dr Sheeba Valsson, Former Principal, Dutta Meghe College, Nagpur, Maharashtra

Objectives of the Conference

With the constantly growing population, the urban areas are also increasing and so are its associated challenges of development. This development needs to be in a sustainable manner for the cities to function effectively. The domain of research and development that goes into this field is multidisciplinary in nature and has a vast scope. This conference will give a platform for researchers to put forth their ideas in the fields of urban morphology, urban heat, urban water, urban management, urban green, urban housing, urban tourism, urban formal/informal sector, urban heritage, urban design, urban surfaces, urban services, urban impact assessment, and so on. PhD scholars from the department of architecture has been researching on the above mentioned subheads and can contribute vastly to the conference.

Topics to be covered:

- Urban morphology
- Urban heat
- Urban water
- Urban management
- Urban green
- Urban housing
