About the Institute

National Institute of Technology Raipur situated in the capital of Chhattisgarh, has proven to be 'avant-grade' in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956. The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is on the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from airport on NH-6, the Great Eastern Road.

About Department

The Department of Computer Sci. & Engineering was established in the year 2000. Currently, the Department offers B. Tech with an intake of 90 and Ph. D. programmes in of Computer Sci. & Engineering. At present, the department has eight faculties. The department has carried out active research in different fields of computer science and Bio-Technology.

Objective

The Short term course is proposed to give an exposure to students and researcher to understand the concept of soft computing, Intelligent Techniques and their implementation for solving various problems. An entire session will be available for participants to discuss individual problems with the session experts. By the end of the programme they will be able to understand the basics of soft computing, Intelligent Techniques, its real time implementation on MATLAB/R, how to use this on processing and analysis of data with different approaches.

The event is aimed at imparting knowledge and training on the basic fundamentals of soft computing, Intelligent Techniques and its application in Science and Engineering. Expert lectures will be delivered by faculty and scientists from academia and industries. This programme will be beneficial to students at undergraduate level, post graduate level, research scholars and young researchers who intend to practice/begin research processing and analysis of any data. Distinguishing features of this programme include lecture session and hands-on training of discussed topics.

Selection

The course coordinators reserve the right of selection of participants. The preference will be given to the participants from outside the institute (NIT Raipur) intimation regarding selection will be sent to the candidates via email as per the schedule. Certificates will be issued to the participant's only after attending the complete course. No TA/DA will be paid to the participants. However paid accommodation may be provided to outside candidates at the institute hostels, provided request for the same is made in the registration form, well in advance.

Topics to be Covered

By keeping this in mind, we have proposed the following topics to be discussed during the short term programme. Experts from IITs, NITs and R&D centers will be delivering the lectures.

- Artificial Neural Networks
- Evolutionary Algorithms
- Classification (Individual and Ensemble learners)
- Clustering
- Applications of Soft computing and Intelligent Techniques in
 - Bioinformatics
 - Software Engineering
 - Image processing
 - Text mining
- Hands on experience using different Soft computing and Machine Learning tools

Targeted Participants:

- Under-&Post- Graduate
- Faculties/Research Scholars
- Industrial persons/Young Entrepreneurs

Registration Fee Details (in INR):

Participants	Amount (in Rs)
Students/ Research Scholars	500
Faculty	1000
Industry Delegates	3000

Application in the prescribed format with registration fee in the form of Demand Draft drawn in favor of "Director, NIT Raipur" must reach the coordinator on or before 28th Sept, 2016. Registration fee includes registration kit, tea and lunch during the program. Fee is non-refundable. Selected candidate will be informed by email as per the schedule.
