**Department of Information Technology
National Institute of Technology,
Raipur – 492010, Chhattisgarh.**

About Institute

National Institute of Technology, Raipur
(Formerly Government Engineering

College Raipur), situated in the capital of a newly incepted state of Chhattisgarh, has proven to be avant-grade in the field

of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956. The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi, Hyderabad, Kolkata, Bhopal, Ahmedabad, Bangalore, Chennai and Chandigarh by regular flights and railway routes.

About Department

The **Department of Information Technology** came into existence in 2000. The department is the study, research and work place of 300 people from 28 states across India. About 15 professors in this department teach mainly in areas like Information Science & Technology, Computer Science & engineering, system-oriented sciences, and mathematics, etc., carry out research in their respective fields.

Introduction

The short term training program is aimed at imparting knowledge and training on web designing and hosting. Expert lectures will be delivered by faculty from academia. This program will be beneficial to UG/PG students, young researchers, research scholars, faculty who intend to learn *how website works* with its implementation through languages like HTML, CSS, Java Script, PHP, MySQL, JQuery etc. This short term training program is proposed to give a thorough exposure of web designing and hosting. Distinguish features of this program include training sessions on web designing and hosting.

Objective

The objective of this programme is to train the students, research scholars, and faculty of various fields. The programme aims to build the websites through web pages using various programming languages. The program will also provide a platform to the participants for interaction and exchange of ideas in web designing and hosting.

Eligibility

Participation in this short-term training programme (STTP) is open to the under-graduate students, post-graduate students, faculty members, engineers, researchers, and other executives working on diverse fields in Information Technology, Electronics and Telecommunication Engineering, Computer and Science Engineering, Electrical Engineering etc.

Selection

Since the number of seats is limited to 40, the selection will be made on first cum first basis. However, the preference will be given to the outside participants. Intimation regarding selection will be sent to the candidates by email as per the schedule. Certificates will be issued to the participants only after attending the complete course. No TA/DA will be paid to the participants.

Course Contents

The STTP will be highly beneficial to the candidates who want to learn the concepts of web designing and its hosting to web servers.

The contents of the STTP are as follows:

Introduction to Websites.

HTML.

CSS.

Java Script.

MySQL.

PHP.

Web Hosting.

Registration Fee

UG Students	Rs. 500
PG Students	Rs. 1000
Research Scholars	Rs. 1500
Faculty/Industry Delegates	Rs. 5000
Internal Candidate	Rs. 500

Important Dates

Last date of receipt of application: 22.10.2017,
Notification of selection (by Email): 22.10.2017.

Venue

Internet Lab, Department of Information Technology,
NIT Raipur (CG) – 492010, INDIA.
