

INTERNATIONAL MEMORANDUM OF UNDERSTANDING

Between

National Institute of Technology Raipur

and

Universidad Autónoma de Ciudad Juárez

In order to achieve educational excellence and to promote academic ties and international cooperation, National Institute of Technology Raipur and Universidad Autónoma de Ciudad Juárez agree to explore the feasibility of establishing educational and scientific exchange programs. Both parties agree that, in order to establish formal exchange agreements for future activities, they shall:

- Consult the academic units to explore potential mutually beneficial collaborative research projects;
- Encourage units to explore feasibility of taking initiatives like exchange of student, faculty and research scholar for a fixed term to promote cross-cultural learning and research;
- Explore the feasibility of joint proposals for international funding and joint academic events;
- Enter into or promote discussions for cooperative development of courses, conferences, joint publications and academic programs;

This Memorandum of Understanding (MoU) shall be effective upon approval by both parties and shall remain in effect until is terminated by either party with 1 month written notice to the other.

While no specific commitment is made by either party by entering into this MoU, the parties sign is on the understanding and recognition of their mutual interests.

The parties agree to exchange periodically the status and result of these explorations into matters and subjects of mutual interest.
