

"The only way forward, if we are going to improve the quality of the environment, is to get everybody involved."

-Richard Rogers

Dr. D.C. Jhariya
Professor Incharge
Go Green, NIT Raipur
E-mail: dcjhariya.geo@nitrr.ac.in

Go Green, The Eco-social committee of NIT Raipur was founded with the purpose of educating the student population about the environmental perils that awaits us in near future. If the present youth does not take up a course of action, these problems will soon eclipse the whole of the earth. So we take it as a responsibility to make sure present youth are ready to turn up against any ill treatment to the mother Earth and be responsible themselves. Our vision is to be the pioneers of environmental justice and awareness in India and be the oath keepers of the responsibility and onus that is rested upon mankind to maintain nature's integrity and purity to its original form.

ANNUAL REPORT 2018-19

GO GREEN

The eco social committee of NIT Raipur

Plantation Drive

Date: 18/09/2019

An in-campus tree plantation by team members and faculty. May you both enjoy hearts full of memories to inculcate human and nature co-existence. An average estimate of 80 plants had been rooted across several spots in the campus, the major ones being the institute main gate and the power station area. It also saw the presence of Dean Student Welfare Dr. Prabhat Diwan, Committee's Professor in charge Dr. D.C. Jhariya and esteemed Dr. S.N. Sanyal who weighed upon the necessity of such eco-reforms in campus.
