

The Entrepreneurship Cell is a non-profit organization run by the students of NIT Raipur that aims at manifesting the latent entrepreneurial spirit of the people. We at E-Cell host various workshops, speaker sessions, competitions for the aspiring entrepreneurs and support them by providing necessary resources such as seed funding, mentoring, consultancy and networking. The Entrepreneurship Cell is headed by Dr Subhash Ganguly.

E-CELL NITRR is devoted to promoting and helping the young minds to find the diamond in them. The Committee provides a platform to share their innovations. And they'll be provided with all the help they need to meet their aim.
